**Instructions**

This form is used to report total Taxable Valuations, broken down by classification, for each township and city within the county. The Taxable Valuations reported here are the final Taxable Valuations as of the fourth Monday in May, NOT the Tentative Taxable Valuations. Final Taxable Valuations may be different from Tentative Taxable Valuations when a township or city receives a county and/or state equalization factor more or less than was used to calculate Tentative Taxable Valuations.

Report the Taxable Valuations for the six classifications of real property in columns 1 through 6 on page 1. Then enter the total Taxable Valuations for real property in column 7 on page 1.

Report the Taxable Valuations for personal property in column 8 on page 2.

Add the total Taxable Valuations for real property (column 7, page 1) and personal property (column 8, page 2) and enter in column 9 on page 2.

Report the Total Taxable Valuations of entire township or city for Homestead and Qualified Agricultural property in column 10, and Non-Homestead and Non-Qualified Agricultural property in column 11.

Please read instructions on page 1 before completing this form.
