Clarification/Addendum #1

Request for Proposal
Foreclosed Properties Cleanup/Demolition
Gaylord, MI

RFP 2016-04

July 3, 2016

Dear Vendor:

Thank you for your participation in Otsego County's Request for Proposal process for Bid 2016-04, for clean-up/demolition of foreclosed properties.

We have prepared a Clarification Notice Number One (1) to the RFP to provide clarification pertaining to the project.

Issue/Question 1: An underground fuel tank was found at 11927 Fantasy Drive. The County will take responsibility for removal of the tank. The goal is to remove the tank prior to demolition, but that may not be possible. The tank is sufficient distance from the house that it should not interfere with demolition.

Issue/Question 2: A question was asked on whether trees could be removed at 11927 to allow easier access of equipment. Trees may be removed as needed.

Issue/Question 3: A question was asked on whether a crawl space or basement existed at 9152 Shell Road. There is a basement at the Shell Road property. Any items in the basement or garage will need to be removed as well as from the house and yard. There are no known large items inside the house, basement, or garage.

If you have any questions on this Clarification or on any other aspects of the Request for Proposal, please contact me at (989) 731-7527, Fax (989) 731-7529 or Email at jburt@otsegocountymi.gov.

Respectfully,

John Burt
County Administrator
