Based on that application, the Zoning Administrator shall determine whether the home occupation meets the criteria of this Zoning Ordinance and if so, issue a permit. The following standards shall govern any home occupation:

21.12.1 Only those persons residing on the premises along with one outside employee shall engage in the occupation, which may be operated for gain.

21.12.2 Signs should be avoided but if deemed necessary, one (1) non illuminated sign not to exceed two (2) square feet in area may be approved and permitted if it is attached to and is parallel with the wall of the dwelling unit.

21.12.3 All of the operational nuisances such as noise, vibration, fumes, smoke, odors, lighting and related shall be strictly confined to the premises and no activity shall be visible or discernible from any adjoining street or property line.

21.12.4 Structural alterations which are architecturally at variance with the residential unit or which cannot be readily and simply returned to residential use shall be prohibited. Exterior alterations shall not be of a design to indicate or characterize the presence of a home occupation.

21.12.5 The use does not take on the operational character of a business, industrial, or institutional use in terms of parking, traffic (vehicular or pedestrian) loading and unloading and related features.

21.12.5.1 No traffic generated by such home occupation shall be in greater volumes than normally expected in a residential neighborhood, and any need for parking shall be met off the street and other than in a required front yard, although vehicles may be parked in an existing driveway if it is of sufficient size. No additional on street parking demand shall be generated.

21.12.6 Major activity shall be carried on indoors. There shall be no visible outdoor storage.
