

**Request for Proposal
For
Airport Maintenance and Professional Services
And
Janitorial and Maintenance Services
For Various Facilities
Otsego County, Michigan
BID 2015-08**

Part 1: RFP Purpose

The purpose of this Request for Proposal (RFP) is to receive proposals for selection of a contractor to provide Janitorial and Maintenance Services for the Otsego County Building & Grounds, and to provide Maintenance and Professional Services to the Gaylord Regional Airport. While the total bid price will be a major factor in determining the successful bidder, it will not be the only factor. The bidder must break up the bid into two prices for each the Airport and for Building & Grounds. The vendor must show the ability to successfully do all work listed in this RFP. Additionally, the contract may be bid out in part with only the Airport or only the Building & Grounds portion being awarded.

This RFP does not constitute a contract for services performed or to be performed. After selection of the successful firm (referred to as the contractor), Otsego County, and the contractor will negotiate a contract and a complete scope of services.

All proposals submitted become the property of Otsego County and will not be returned. The County is not responsible for any costs incurred by the respondent in proposal preparation, presentations, site visits, or benchmarks performed.

See **Appendix A** for a map of Otsego County facility locations.

Part 2: Scope of Work/Background Information

Building & Grounds:

Otsego County is seeking a qualified Vendor to provide janitorial and maintenance services for the Otsego County Building & Grounds. Some of the services include building repairs, lawn mowing, snow removal, equipment maintenance, B&G vehicle maintenance, and providing supplies such as paper towels, light bulbs, etc.

Otsego County currently contracts for these services with the company providing two (2) full-time personnel and one (1) part-time personnel (35 hours per week). Contractor will also have access to participants in the Sheriff's Work Camp as they are available.

Otsego County's primary facilities, other than the Gaylord Regional Airport, are open to the public from 8:00 am until 4:30 pm Monday through Friday except for thirteen holidays per year. There are occasions that the contractor may have to have an employee perform a function outside of normal work hours such as checking on the building in case of alarm, helping with a special event (Alpenfest, AlpenFrost, the Wings Over Northern Michigan Air Show, and the like) but this is very rare with minimal time involved.

Otsego County facilities (see **Appendix B**) covered under the Building & Grounds portion of this RFP include:

- Otsego County Courthouse, 225 W. Main Street including the Sheriff/Jail at 124 S. Court Street.
- Alpine Center complex including 100 Livingston Blvd, 800 Livingston Blvd (main Alpine Center building), the Building & Grounds building, 1068 Cross Street, and 1322 Hayes Road.
- Parking lot at 222 S. Court Street.
- Snow removal only for 215 S. Otsego Avenue. This is a parking lot owned by the First Congregational Church, but used during the week by Otsego County for employee parking.
- Sheriff's Long-term Evidence Storage Building and Dog Park at 540 S. Illinois and associated property at 580 S. Otsego Avenue. Lawn mowing twice per month in summer, and driveway snow removal in winter to allow access to the building.
- Animal Control Shelter at 256 Fairview Road. The contractor will not be responsible for cost of repairs at this building. The Animal Control staff typically provides snow removal at this facility, but the contractor may be called upon to assist in the event of a large snow event. The contractor will very rarely be asked to help with repairs at this facility.
- Recycling Sites. The contractor may very rarely be asked to pick up and dispose of large items left outside of the county's five recycling sites.
- Louis M. Groen Nature Preserve at 10324 M-32 East in Johannesburg. The contractor may very rarely be asked to perform some task related to this property, but only as contractor time allows. The contractor will not be responsible for cost of any repairs/projects at this facility.

Airport:

Otsego County is seeking a qualified Vendor to provide maintenance and professional services at the Gaylord Regional Airport located at 1100 Aero Drive in Gaylord. Services generally include cleaning, snow plowing/removal, grounds/equipment, minor mechanics, customer service, office clerical, and UNICOM services.

Otsego County currently contracts for these services with the company providing two (2) full-time maintenance personnel, one (1) part-time maintenance personnel, and one (1) full-time office/clerical/UNICOM personnel. Contractor will also have access to participants in the Sheriff's Work Camp as they are available. The County is additionally seeking an optional bid without the UNICOM personnel being provided by the contractor. Instead the UNICOM personnel would be provided by the County.

Contractual services will be provided seven (7) days per week from 7:30 am until 6:00 pm for maintenance staff and from 8:00 am until 5:00 pm for clerical;/UNICOM staff , except for Thanksgiving, Christmas Day, and New Year's Day. On rare occasions, contracted employees may need to provide fueling services after Airport Operational Hours. Contractor shall receive fifty percent (50%) of the after-hours call-in fee, as established by the County.

Part 1: RFP Purpose

The purpose of this Request for Proposal (RFP) is to receive proposals for selection of a contractor to provide Janitorial and Maintenance Services for the Otsego County Building & Grounds, and to provide Maintenance and Professional Services to the Gaylord Regional Airport. While the total bid price will be a major factor in determining the successful bidder, it will not be the only factor. The bidder must break up the bid into two prices for each the Airport and for Building & Grounds. The vendor must show the ability to successfully do all work listed in this RFP. Additionally, the contract may be bid out in part with only the Airport or only the Building & Grounds portion being awarded.

This RFP does not constitute a contract for services performed or to be performed. After selection of the successful firm (referred to as the contractor), Otsego County, and the contractor will negotiate a contract and a complete scope of services.

All proposals submitted become the property of Otsego County and will not be returned. The County is not responsible for any costs incurred by the respondent in proposal preparation, presentations, site visits, or benchmarks performed.

See **Appendix A** for a map of Otsego County facility locations.

Part 2: Scope of Work/Background Information

Building & Grounds:

Otsego County is seeking a qualified Vendor to provide janitorial and maintenance services for the Otsego County Building & Grounds. Some of the services include building repairs, lawn mowing, snow removal, equipment maintenance, B&G vehicle maintenance, and providing supplies such as paper towels, light bulbs, etc.

Otsego County's primary facilities, other than the Gaylord Regional Airport, are open to the public from 8:00 am until 4:30 pm Monday through Friday except for thirteen holidays per year. There are occasions that the contractor may have to have an employee perform a function outside of normal work hours such as checking on the building in case of alarm, helping with a special event (Alpenfest, AlpenFrost, the Wings Over Northern Michigan Air Show, and the like) but this is very rare with minimal time involved.
